**DETAILS**

# Introduction

Firstly, we want to clarify the importance of parents' interest in teaching their children ISLAM and its morals that the Prophet, may God bless him and grant him peace, wanted to instill in us, as it protects them from the temptations to which they were exposed.

The parents are busy in daily life duties and Mosques or Islamic center are far, the technology is here to make educational process easy and to get rid of boredom that students faced before in the learning process.

Parents can review the lesson and progress anytime.
